Job Description

We are looking for a passionate Senior JavaScript Developer to join our front-end team. The ideal candidate will be an enthusiastic developer eager to work with a team to build high profile web applications. Telescope is a small company which is growing rapidly with huge growth potential for skills and projects.

Skills & Requirements

Minimum Qualifications

- 6+ years of JavaScript and professional web development experience
- Solid understanding of HTML5, CSS3, and responsive layout
- Expert understanding of JavaScript fundamentals
- Experience with JavaScript frameworks (React + Redux, Angular, etc.)
- General knowledge of both front-end and backend technologies

Preferred Qualifications

- Experience with Twitter Bootstrap or similar framework
- Experience backend technologies such as Node.js, PHP, and MySQL
- Experience with LESS/SCSS
- Experience coding for cross-browser and cross-device compatibility
- Strong knowledge of security regarding common web site vulnerabilities
- Full stack development experience a huge plus
- A good eye for design and be able to match a designer's expectations
- Well-developed time management skills with the ability to work very efficiently
- Excellent communication skills and capable of working independently or on team

Perks

- 16 paid days off per year
- Many national holidays paid per year
- Comprehensive medical, dental, vision, life insurance, and 401k (up to 100% of 6%)
- Occasional catered lunch
- Fully stocked kitchen with snacks, drinks, and Starbucks coffee
- Casual work attire

Current project examples:

- Work on JavaScript applications that tightly integrate with giant social media platforms like Facebook, Twitter, and Instagram.
- Build online voting applications to drive public engagement for shows like American Idol, The Voice, America's Got Talent, AMAs, VMAs.
- Create applications that collect user generated content clients such as NASA, Netflix, Hulu and others.

About Telescope

The work environment at Telescope is exciting, engaging, and constantly dynamic. We have major media clients who depend on us year over year to deliver amazing products and support their live TV vote shows. We also have close partnerships with social networks such as: Facebook, Twitter and Instagram to which we deliver fan engagement products.

Telescope Inc. has been responsible for the most successful television and live media participation shows in the last decade: *American Idol*, *The Voice*, *Dancing with the Stars*, *So You Think You Can Dance*, *AMA*, *VMA*. We also work with Coca Cola, NASA, Project Greenlight, and others. We create the software that handles all parts of the voting, and now we are going after social as well. We work with massive scale, big data, and cutting-edge technology. Our technical environment is full of passionate programmers who enjoy what they do every day.

Telescope Inc. is an equal opportunity employer which does **not** discriminate against: race, color, religion, national origin, age, sex, pregnancy, citizenship, familial status, disability, veterans, or any other protected class.
